

## **Premier Estate Planners joins the Edelman Financial Network**

Edelman Financial is one of the largest independent investment and financial planning firms in America, managing more money for individuals and families than perhaps any other advisory firm. Along the way, the firm has won more than 60 financial, business, community, and philanthropic awards. Edelman Financials Chairman and CEO Ric Edelman is one of the most respected experts in the industry. His accomplishments are many, consisting of Best Selling Author, National Radio Show Host, Educator, and winner of many other Acclaimed Financial Advisory awards.

In 2008 Edelman Financial launched the Edelman Financial Network, composed of some of the most talented and respected advisors throughout the country. Ric welcomed an elite group to join him in introducing the Edelman Managed Asset Program (EMAP) in their local communities after a strict enrollment process. Admission to the Edelman Financial Network included a rigorous due diligence process consisting of background checks, regular history review, and continued demonstration of ethical standards in the financial industry.

Donald P. Carnaghi and Thomas R. Mazza, both principals of Premier Estate Planners LLC, a Registered Investment Advisory firm, were among these selected few to join the Edelman Financial Network and are one of only two firms in Michigan. Don and Tom both Registered Financial Consultants™ (RFC) and Certified Estate Planners™ (CEP) have been in the business of providing Financial Services for over 25 years. Their mission is to maximize client wealth thru education, commitment, and professional partnerships.
